

Zirui (Simon) Guo

High School Student

☎ (647) 972-1505 | ✉ simonguozirui@gmail.com | 🌐 <http://simonguo.tech>

Education

International Baccalaureate and Ontario Secondary School Diploma

Upper Canada College
2015.9 – now

Summer Programs Various Institutions 2015.7 - now

Middle School
Shanghai Huayu Private
Middle School
2012.9 – 2015.6

Activities and Societies

Debate Club, Model United Nation, Robotics Club, Engineering Society (Co-Founder), Digital Media and Computer Science Club (Hackathon Coordinator), Science Club, World Affairs Conference, Norval Labs, Senior Wind Ensemble, Cross Country Running Team, Horizons Volunteer, College Times, Senior Math Society, HOSA, Peer Tutoring, Mandarin Club

- University of Toronto Da Vinci Engineering Enrichment Program (DEEP) 2016
- Canadian Mathematical Society Math Camp (Invitational) 2016
- John Hopkins University Center for Talented Youth (CTY) 2015: Mathematical Logic

Head of College Film, Model Airplane Team, Robotics Club, Destination Imagination Team, Computer Science Society

Experience

Innovator
The Knowledge Society
2017.2-now

Event Coordinator
Toronto Hacker Club
2016.12-now

**RoboSoccer and Sumo
Team Member**
University of Toronto
Robotics Association
2016.9-now

Hackathons
Participated & Demoed
2016.1 - now

Details

Discuss with industry leaders and like-minded youths on the future of cutting-edge technologies, and create innovative solutions towards real-life problems.

Promote computer science education across the GTA through tech-related workshops and hackathons.

My role consists: website building, event planning, create event schedule, mediate workshops, order food and drinks for the event, post-event clean-up.

RoboSoccer: Create 4 humanoid robots to participate in RoboCup Soccer (humanoid kid size category). Part of the control (electrical and mechanical design) system team.

Sumo: Attend weekly workshops on mechanical, electrical, and embedded system of robot design. Create a sumo robot individually and compete in the annual sumo competition.

PennApps XV (as a campus ambassador as well), Hack the Valley 2017, Mentor/Hacker Guru at Local Hack Day 2016, Electric City Hacks 2016, T.Hacks 2016, Hack Western 3, UofTHacks IV

Honors

Science & Engineering

- Toronto Science Fair 2016: Gold Medal, The Life Labs Award
- Patent: CN205285316U, Smart Walking Stick
- The 30th Shanghai Adolescents' Science and Technology Innovation Contest: Gold Medal; Shanghai Science and Technology Museum Award; The AURORA Group 3D Printing Application Award

Computer Science

- Best Project with Mentor at Cipher Presents Local Hack Day 2016 (Participated as a mentor/hacker guru)
- Bronze and SAP Innovation award at Electric City Hacks 2016
- Best Devpost submission at Hack Western 2016

Mathematics

- Ranked 84th at Canadian Intermediate Mathematics Contest 2015, School Champion
- Ranked 179th at Pascal Contest 2016, 2nd at Upper Canada College
- 4th Upper Canada College Junior Math Olympiad Top Individual, School Champion
- Represented Upper Canada College to attend Harvard MIT Mathematics Tournament 2016
- John Hopkins University Center for Talented Youth Grand Award 2015

Others

- Duke of Edinburgh Bronze Award (2016)

Projects

Robotics & Engineering

- RoboCup Humanoid Soccer Robot
- Sumo Robot
- Hexapod Rescue Robot
- Smart Walking Stick
- Cat Rescue Robot

Hackathons

- View my Devpost: <https://devpost.com/simonguozirui>
- Modular Agricultural & Environmental Scanning System
 - Auto-tone Woodwind Instrument
 - IoT Stress ball
 - Supermarket Item Comparison App
 - Smart Push-up Shirt

Computer Science

- AI Handwritten Digit Recognition (MNIST)

Skills

Languages: English, Mandarin (bilingual level)

Programming: ArduinoC, Java, Python, HTML, CSS

Engineering: Electrical Engineering, Robotics, Internet of Things, CAD

Science: Science Research, Physics

Other: Project Management, Event Planning
